

# Imperial and Metric Conversions

Page 1 of 3

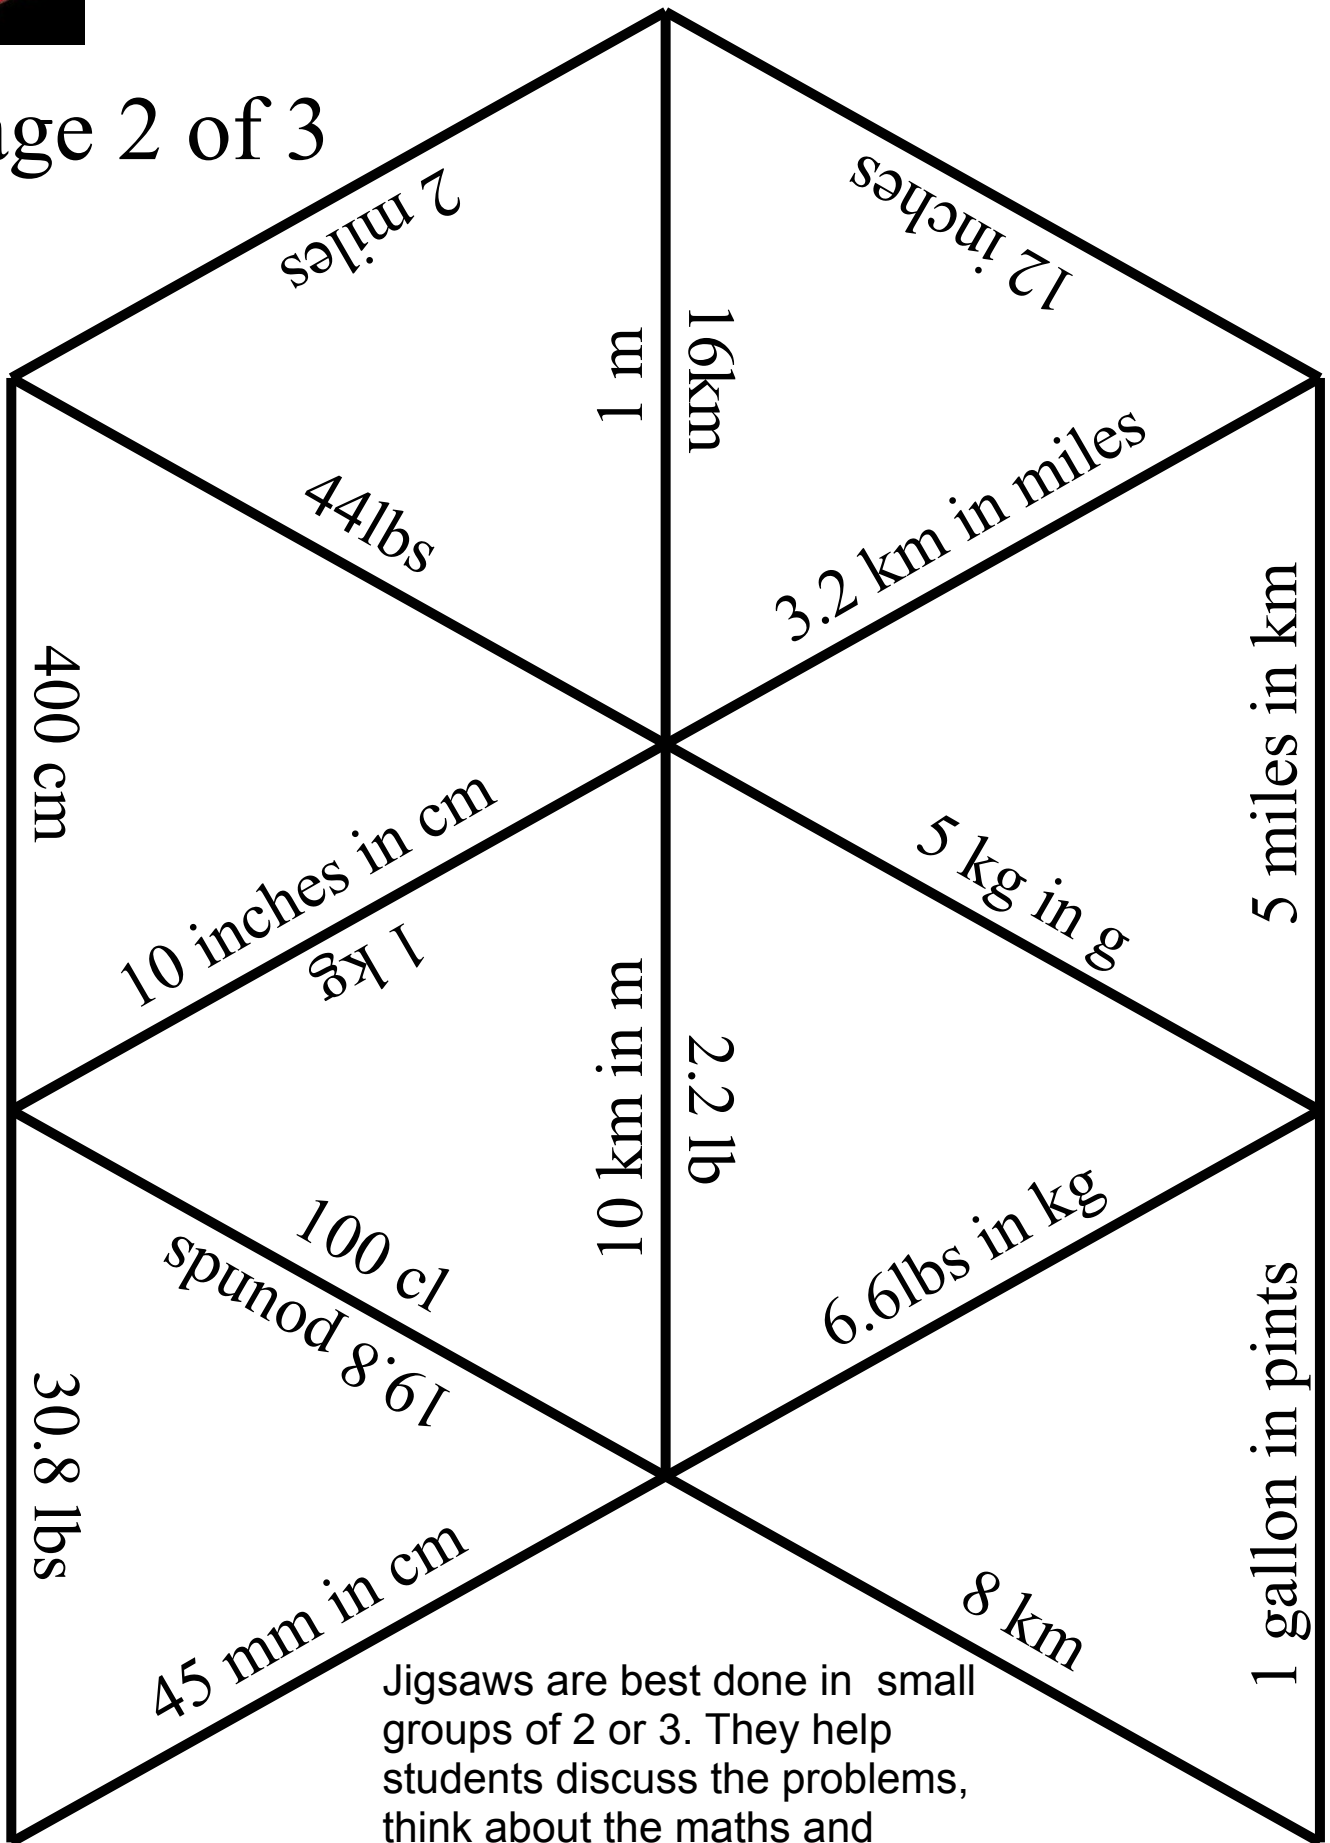

Instructions.

Print on to card and laminate. If making a class set it is best to use a different colour for each jigsaw so they can easily be sorted. Cut out the pieces.

# Imperial and Metric Conversions

Page 2 of 3

Jigsaws are best done in small groups of 2 or 3. They help students discuss the problems, think about the maths and reconsider misconceptions.

Contents  
24 triangles

Thanks to Laura E Hughes  
whose original Jigsaw I  
have adapted to produce  
this.
